BD ecoFinity™ Life Cycle Solution

Powered by an alliance with Waste Management®

Introducing a closed-loop solution for hospital sharps.

The **BD ecoFinity™ Life Cycle Solution** is an innovative sharps recycling program that can recover and recycle **up to 70% of your facility's sharps waste stream***. Waste Management provides safe, convenient on-site collection of medical sharps, plus treatment and recovery of these materials to reduce your environmental footprint. BD uses recycled materials to create clean new containers – closing the loop. Now, single-use can mean both safe and sustainable. **Waste Diverted. No Compromise.**

Visit bd.com/ecoFinity or call 1-866-803-7554 and talk with your BD or Waste Management representative.

**NEW
inhibX™ Antimicrobial
Technology from
Graham Medical**

- Proven safe and effective through numerous patents, trade articles and certified tests.
- Inhibits growth of a wide range of microorganisms including mold, mildew, fungi and odor-causing bacteria.
- Safe antimicrobial technology used worldwide in schools, hospitals, offices and homes.
- Resistance that's non-migrating and, unlike other antimicrobial materials, never allows microbial adaptation.
